

## Ayer's Sarsaparilla Makes Good Blood

Prick your skin with a needle. You will see that it is full of blood. But what kind of blood? Rich and pure? Or thin and impure? Impure blood covers the skin with eczema, rashes, pimples, pustules, salt-rheum, boils, carbuncles, and other sores. These simply tell of something bad down deep in the blood itself. Ointments, washes, powders and cosmetics will not reach the evil. You must take out all impurities from the system with

## AYER'S Sarsaparilla

and then see how quickly the skin troubles will disappear.

As now made, Ayer's Sarsaparilla contains no alcohol. There are many imitation Sarsaparillas. Be sure you get "Ayer's."

## ALBANY'S GUNNERS PERFORM WONDERS

FIRE 66 FIVE INCH SHELLS AND HIT TARGET 65 TIMES AT 1600 YARDS RANGE.

SAN DIEGO, March 10.—Bearing the trophy for the highest target practice record ever made by a vessel of the American navy, the cruiser Albany arrived in port today from Magdalena bay, having made the run in 47 hours.

Some information as to the remarkable accuracy of the ship's gunners on February 12 at Magdalena bay was received some time ago, but the first details were learned today.

With a target 12 by 21 feet at a distance of 1600 yards, the cruiser, steaming 10 knots an hour, scored 65 out of the first 65 shots, and registered the majority of them in the bullseyes. This was done with 5 inch guns.

Speed was a record breaking feat. The shots were fired in sets of six, the fastest six being made in 25 seconds and the slowest in 30 seconds.

The record was made under a peculiar disadvantage, the entire crew having been vaccinated only ten days before when off the coast of Salvador.

### HOW SHE DID IT.

The police had arrived in answer to a telephone call for help.

"How did you manage to knock the burglar senseless?" they asked.

"Oh," replied the meek little woman "I just grabbed the poker, shut my eyes and imagined he was my husband."
